*Bunbury delivered yet another well run South West Open with the youngsters Hannah Slyth and Arthur Law taking the Open titles ... congratulations.*

*Marmion held another Classic! This is a fabulous junior tournament that really showcases grass roots squash. They champion mini midgets which I think is vitally important to kick start a child's love affair with competing in tournaments. Sue Cowell and all her helpers deserve the accolades they receive.*

*This year's AGM took place on Wednesday 27 March from 6.30pm. It was extremely well-attended with 25 Member Clubs attending online or in person. Seeing this number of Member Clubs supporting Squash WA is a hugely positive step forward, and gives the Board, Serena, and I more motivation to keep working with you all, no matter how far from the metropolitan area your Club is. The meeting did run a little longer than we anticipated, but we covered off on a few important items such as a new affiliation model proposal, and management of the State Centre with Belmont Saints Squash Club stepping down.*

*We also awarded Life Membership to three extremely worthy people that have served squash in Western Australia for decades. Congratulations to Russell Chandler, Sue Hillier and Carsten Fredricksen.*

*Our Member Clubs voted for new Board Members, and as such we are pleased to announce that Glenn Hitch, Michaela Pratt and Yvette Clement were re-elected. Michelle Classen retired as it was the end of her term.*

*A huge thank you to Neil Butler for his six years of service on the Board. There is no doubt that with Neil's passion for squash, we'll continue to see him Officiating, and hopefully assisting and guiding us in the office with his experience and knowledge.*

*I attended the Australian Squash Open over in Sydney recently, to gain some experience and knowledge in the national event space. Whilst it was disappointing that the glass court could not be erected, the level of squash and players that made their way down under from around the world made up for it.*

*Martin Place was the perfect location, seeing thousands of people walk-through the area each and every day, and easily accessible by public transport.*

*Speaking to Egyptians #1 men's seed and #1 and 2 ladies seeds, gave me valuable insight into what players expect from tournaments, and how Australian events*

# BEHIND THE SCENES

with Leigh Kaye

P4

compare to the rest of the world's.

*I believe Western Australia has better court facilities as well as better locations to build glass courts, so I would **LOVE** to see the Australian Open here in Perth one day.*

*A few aspects we would need to address as a state include increasing our volunteer and local official base, and securing funding/sponsorship (ie. a six-figure sum would be essential to attract the world's best).*

*Out with the old and in with the new. SportyHQ access will cease for all Clubs on 31 March 2024. Any competition that is already in progress, that runs over this date, will continue, and will NOT be affected, however all NEW pennant/league/in-house competitions and tournaments will need to be run in Revo.*

*There have been big upgrades to the system to accommodate the specific requirements of squash, and as such, tournaments should now be able to be run through Revo. Ongoing improvements will continue to occur, specifically around the Competition module, so things will get easier and more fluid as time goes by.*

*I genuinely want to thank everyone for their patience, and for working with us to make the Revo change happen. I remain confident that this program will be fantastic for Squash in Australia, and I will continue to give your feedback to Revo and Squash Australia as required.*

*The next phase of State Centre upgrades is well underway. Four more courts have had the back walls removed, floorboards pulled up, and steel structures are currently being put in place.*

*Four glass front walls will also be installed. By the time the next SWAN comes out, we should have this phase completed. Belmont is your State Centre, and because of this, we are doing our utmost to improve the facility for the benefit of all players and people in the squash community.*

### **Russell Chandler**

*Russell's journey with squash spans over four remarkable decades, embodying dedication, leadership, and passion. Russell's love of squash began in the late 1970s when he started as a player at Belmont. Russell was quickly committed to the role of a Club Volunteer as a Club Captain and has been a member of its Executive ever since, except for the year that he decided to take off! For most of this time, he has held the role of either Vice President or President – which he still holds today.*

*Throughout his tenure, Russell's leadership has been exemplary. Serving as Vice President and President of the Belmont Squash Club for the lion's share of his tenure, he has been the cornerstone of its success. Russell's dedication to the broader squash community is evident through his involvement in numerous Squash WA committees, shaping competitions and experiences to cater to all levels of players.*

*One of Russell's most defining moments in squash arrived in 2018 when faced with the closure of the Belmont Squash Club. Russel and BSC held a wake for the Club, with the intention of moving the existing 80 players to a further location. After 2 months, the owner hadn't come for the keys, so the club re-opened the facility and commenced what is now their 5 year running of the facility, building to over 220 players today.*

*When Russell retired from the building industry, instead of taking it easy, his contributions have grown, particularly in working with the Association to design and undertake a scope of works to update the 50 year old, 8 court State Squash Centre building.*

*For the past 5 years, he has been repairing the State Squash Centre, dragging it into the modern era. As Club President he has been instrumental in reinvesting Member money into providing the best experiences possible for players by updating the amenities, initially without any certainty over the buildings' ownership. As a former builder, Russell has been instrumental in every single step of the State Centre upgrades, and none of what you see here today would have been possible without him. It has been a real labour of love, and Squash WA can never thank him enough for his efforts.*

*Amidst accolades such as the State Volunteer of the Year and National Volunteer of the Year finalist, Russell continues to volunteer his time as a Junior Coach, nurturing the next generation of squash talent. Congratulations, Russell Chandler, on a well-deserved recognition as a Life Member of Squash WA.*

### **Sue Hillier**

*Most of us know about Sue as a player of the sport, however Sue has been instrumental in the growth of it as well. Sue's journey in squash began in the late 1980s, driven by a profound love for squash and an unwavering commitment to its development.*

# LIFE MEMBERS

*Thanks Michaela Pratt*

*Sue's impact on squash in Western Australia is undeniable. Serving as a stalwart on the Squash WA Pennant Committee and Coaching Committee, both for numerous years, Sue's contributions have been instrumental in shaping the landscape of our sport.*

*Her tenure as Development Officer for Squash WA from 2008 to 2021 exemplifies her dedication to nurturing talent and fostering growth at all levels. Sue's involvement in the WASA committee since its beginning underscores her commitment to cultivating the next generation.*

*But perhaps Sue's greatest legacy lies in her role as a coach. For over four decades, she has been a guiding light for countless players, instilling in them not just the skills of the game but also a deep-seated passion for squash. Whether managing teams, coaching at grassroots levels, or raising the profile of the sport, Sue's impact has been felt throughout the squash community.*

*Today, we express our deepest gratitude for her tireless dedication and commitment to squash in Western Australia. Congratulations, Sue, on a well-deserved recognition as a Life Member of Squash WA.*

## **Carsten Frederiksen**

*Carsten's journey with squash spans over 30 years, marked by a steadfast dedication to service and passion for the sport. Carsten's legacy is etched into the very fabric of squash in Western Australia. His tenure on the WA Squash Board for over 15 years is a testament to his enduring commitment to the sport's governance and development.*

*Carsten has been a pillar of support for clubs and courts across the region. Whether lending his expertise to maintenance projects, supplying sound equipment for functions, or volunteering at tournaments and events, Carsten's impact is felt far and wide.*

*His longstanding association with the RKP and later Subi Kings is a testament to his dedication to grassroots squash. Carsten was the RKP Club Captain for six years before discovering four courts tucked away in the basement of Subiaco oval. The courts were in total disrepair and at the time being used as storage for the West Coast Eagles. Carsten took a huge gamble by contributing a significant amount of personal funding and time to undertake a four-month refit. The courts, change rooms and viewing areas were given a drastic face lift including new floors, lighting, carpets, bathroom, and kitchen plumbing, and much more.*

*52 members saw the opening the shiny, new Subi Kings Squash Club (formerly known as 'RKP at Subiaco') which more than doubled to 120 in the years to follow, boasting 13 four-man pennant teams.*

*Carsten also assisted with maintenance of the Hyatt courts during his time on the Board which included lighting, carpets, walls, and plumbing, as well as the annual awards night functions. As a delegate and custodian of these institutions, Carsten has played an integral role in nurturing a thriving squash community.*

*Carsten's commitment to squash embodies the spirit of volunteerism – selfless, tireless, and unwavering. Today we honour an individual who has left a lasting mark on the sport we all love, with Life Membership. Congratulations, Carsten, on a well-deserved recognition as a Life Member of Squash WA.*

## Thanks Josie Jones and Luke Jamieson

March rolls around to bring in Autumn and the prestigious Lucky Bay Brewing Esperance Open. Many avid squashies made the eight-hour trek down south and were greeted with thunderbolts and lightning on Friday - perfect weather to kick off what would be an electric weekend.

With 163 entries over 16 divisions, Esperance Squash Club was jam-packed and ready to rumble. Friday evening was an early one, with swift and convincing wins across the board. Straight into Saturday, where Open top seeds Mike 'Moose' Corren and Pascale Louka blazed their way to finals. Go-getter Daniel Marsh was flying high after a big win defeating veteran finalist David Ilich, however, came crashing down to Remi Young in three in the semi-finals.

The incredible match of the tournament was no doubt the Ladies Open Final, with Rema Muniandy victorious in an epic five-set battle with defending champion Pascale. This was Rema's first time in Esperance, so to come away with a PSA title is a truly commendable effort. Meanwhile in the Men's Open, Remi was out moose-hunting, but was ultimately defeated in a gruelling four-sets. Congratulations to Rema and Mike on their PSA titles.

A big thank you and congratulations to Deb Hoffrichter, Callum Smart, Michaela Florisson, and the Esperance Squash Club for hosting another mammoth weekend, and to all the volunteers who helped out along the way. We are always appreciative of Neil Butler and his partner in crime Clive Pollard for their efforts reffing, and those from the Squash WA Board that were able to make it down.

A round of applause for Luke for directing a smooth weekend with the help of Kim Duffecy and an army of passionate card-playing juniors. It's safe to say the 'tournament desk' was quickly converted to a gaming hub!

Thanks to all involved for making this year's tournament such a memorable weekend and hope to see everyone back for more next year!

The 43rd 2024 South West Open was held over the weekend 16-17 March at Bunbury's South West Sports Centre. 90 competitors played across a Men's and Women's Open, six Men's divisions, three women's divisions and four junior divisions.

A third of the players were juniors, many of whom competed in both junior and adult divisions. Once again, Squash WA supported us to make this an AJST Silver event, so the juniors had an additional chance to gain national ranking points.

Serena and Michelle brought 10 of the juniors down with them in the Tournament Tour bus, an initiative from Squash WA. They stayed in group accommodation with the 10 juniors ranging from 10 years old to 18; cooked, cleaned, fed, transported and supported them throughout the course of the weekend. Hats off to you ladies!

Matches commenced on Saturday morning and ran through until Sunday afternoon. Players from around the state came together to reconnect and have a laugh over a cold drink. The strong camaraderie and family vibe was on show throughout the event, in particular at the Saturday evening function where the crowd sang Happy Birthday to Vic Park's Lisa Christou, and the kids dominated the dancefloor.

*The very first Men's Open at this tournament occurred in 1961 and was won by Aub Hickey who went on to winning it five times in total. Aub was also instrumental in starting Country Week squash. Dean Williams is a three-time winner and Bunbury's very own Lee Sorfleet won it in 1992. This year, the top spot was taken out by Mirrabooka young gun Arthur Law.*

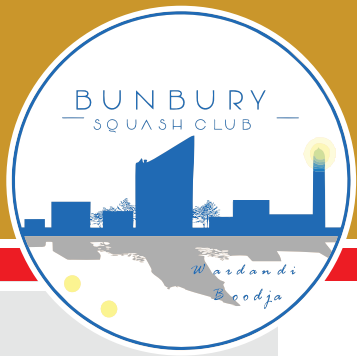

*Amongst all the high-quality squash that was played, the match of the tournament, selected by Tournament Referee Luke Jamieson, was the Women's division three five-setter between Marmion's Ruby Foo and Belmont's Joey Scott. With two of the games going to 13-11, Ruby pushed through to win 11-7 in the fifth. Great work girls!*

*Huge thanks to the tournament sponsors: Top Coat Painting (Josh Topliss), Harcher (Derek Bird), Juice Finance (Amol Agrawal), Matta Modifications (Luke Mattaboni), Warthog Workshop Washers (Mike Genders), Matthew Hanzel-Fuller, and South West Sports Centre. Their continued support is fantastic and so very much appreciated.*

*Thanks also to Lorraine, Kerry, Judy, Lushy, Rambo and Tony, who assisted with the canteen and bar all weekend, as well as Tournament Referee Luke Jamieson, Paula and Dean for their artwork assistance, Sam for assisting me with the draw, Tony and Karen from Divine Filipino Meals for providing dinner on Saturday, and Serena for helping out with revvo.*

## IN FRONT AUSTRALIAN BUSINESS SOLUTIONS

Proudly sponsored by In Front Australian Business Solutions, the 2024 Marmion Junior Squash Classic was held on Saturday 9 March 2024.

Although numbers were lower than previous years we had juniors participate that represented Marmion, Mirrabooka, Cambridge, Belmont, Busselton, Blue Gum and Mandurah Squash Clubs.

A unique aspect of our tournament this year again was our one-hour Mini Midget tournament that featured our 5-7 year olds.

Coaches Josh Blakey, Sydney Ennis and Evie Clark put our Minis through their paces with various different activities. We certainly have some squash stars of the future!!

Tournament Sponsor Jason Rawling presented the Sportsmanship Awards to Mathys Edery (Marmion) and Holly Carver (Mandurah).

At the conclusion of the individuals, we then had 18 juniors compete in our timed doubles event. We had 3 pools of 3 teams who played a round robin of 7 minutes each match. The top teams in each pool then played a 7 minute match in the final.

Thanks to our wonderful parents for manning the canteen and providing some yummy food throughout the day (Laney's muffins were THE best!!).

Once again thanks to our major sponsor Jason Rawling representing In Front Australian Business Solutions for the amazing trophies.

### Term 1 Junior Pennants

The 2024 Term 1 Junior Pennant competition came to a close on Sunday 24 March. The theme for this round was 'action movies' so the seven teams were named accordingly! Fast and Furious, Top Gun, Hunger Games, Die Hard, The Marvels, Gladiator and Mortal Kombat all battled it out over four Sundays (normally five but tournaments filled up every other weekend!) at Belmont, Cambridge, Blue Gum, and The Squash Factory.

The final round saw Fast and Furious reign supreme with 46 points for the season, with Mortal Kombat in second place on 37 points.

Special shout out to Cambridge's Charlie Tear and Blue Gum's Ivanka Lu who won sportsmanship awards for being kind and courteous at all times, and therefore fantastic role models for their peers.

Entries for Term 2 are open now via revo:

# COACHES CORNER

with Tim Cowell

P 24

*If you didn't read last month's movement article, here is a quick TL:DR (Too Long : Didn't Read) version.*

- *3 fundamentals of movement: 1) Fast and Efficient, 2) Arrive in a deceptive position, and 3) Recover to the T in time for the next shot.*
- *There is no one size fits all for movement, we need to discover what works best for each individual.*

## ***For this month, what can we do to improve our movement?***

*Thinking back to COVID times, I was in a tricky position as squash centres were some of the first facilities to shut on that fateful day about 4 years ago. Fortunately, my wife worked in an industry that actually got busier, so she had extra shifts to help us through. To kill the boredom, I started running more, which was somewhat a foreign form of training for me, but just like swimming with my knee rehab, I learnt to tolerate it. It was a chance at some fresh air and a change of environment.*

*There were a few things though, some extra soreness and a few different niggles began to pop up, that can boil down to the type of training we do and how specific we can be. I eventually started getting used to it a bit more and was getting some quicker times, and then finally we could get on court. So, when I returned, I felt horrible, I was slow, I struggled to get out of corners. The deeper lunges, the impact, was suddenly foreign to me and my knees and I needed to somewhat re-learn how to move! The knees needed time to learn to absorb impact, and muscle groups needed to fire back up.*

*The perfect way to sum this up is a very common phrase we hear all the time. There is no fitness like squash fitness! We can do all the running, swimming, and cycling that we like; it will help us build up our cardiovascular strength, but I reckon you will still feel sore for the next 2 or 3 days after that first really hard hit out on court. Squash has a unique way of moving. We don't sprint to the ball, we potentially spend equal amount of time moving forwards, backwards and laterally to the ball. So, these are the type of movements we need to incorporate as well.*

*Ghosting is the closest replication to playing that doesn't involve a ball. We can rehearse our movements to various parts of the court, we can practice timing the swing into that as well. The standard 6 point movement is a good starting point. Move to the front two corners, service box on each side (volleys) and the back corners. There are plenty of variations to these you could experiment with.*

## ***Work efforts vs recovery time***

*Work efforts are the duration of moving versus the time you have for your heart rate to recover. Depending on the time of year and how far out from an event, these*

# COACHES CORNER

with Tim Cowell

P 25

*work sets will be longer or shorter with different recoveries thrown in as well. The week of a tournament would see a shorter 'faster' set with longer recovery. We want to focus on speed and feeling fresh as opposed to a longer work set with less recovery which would be 4-6 weeks out from a major comp.*

## **Which points do you move to?**

*Varying the points can allow you to practice different movements, maybe you need to get out of a front corner faster to cover a volley, so you could target those two points. You could add more points in as well and increase it to 8 or 12 potential points to run to on the court.*

## **Do you have a partner to work with?**

*A partner pointing to a corner adds reaction as well, or if shadowing, trying to follow and keep up with each other can spice up the session.*

*The best way to improve movement is certainly with a ball. 'Pressure Sets' with a coach can be a great form of fitness as you are constantly chasing the ball. This breaks down however if the feeding is either too easy (or difficult) or if the player doesn't have enough control to return the ball to certain spots. Beginners might build up to this doing co-op rallies with a coach, who can challenge them with different angles and court placement, whilst also throwing in the reminders to recover to the T.*

*Always remember however, movement is easy when you know where the ball is going, the moment you disguise it for your players (or opponent) it becomes much, much harder!*

### Front Wall Interference

Can a stroke be awarded to the striker if the ball has come off the back wall?

**The answer is yes!**

*The Referee shall treat the situation no differently than if the ball had not bounced off the back wall.*

*The rule states;*

**8.11 Freedom to strike the ball to any part of the front wall**

*If the striker refrains from striking the ball because of front-wall interference, and requests a let, then:*

**8.11.1** *if there was interference and the ball would have hit the non-striker on a direct path to the front wall, a stroke is awarded to the striker.*

*Note. A player turning on the ball or previously swinging at the ball prevents any stroke from being awarded to the striker including front wall interference.*

## LET PLEASE! A BEGINNER'S GUIDE

MANY LETS CAN BE DEALT WITH USING THESE FOUR BASIC QUESTIONS...

1

Was there any interference? Did they not have direct access to the ball and full view of it?

YES

OR

NO

No Let!

2

Did they make every effort to get to the ball, and could they have made a good return?

YES

OR

NO

No Let!

3

Did the striker make every effort to get out of the way?

YES

OR

NO

STROKE!

4

Were they in a position to make a good return?

YES

STROKE!

OR

NO

Yes Let!

OOPS!! I WASN'T ACTUALLY WATCHING AT THAT POINT IN TIME...  
WHEN YOU ARE THE REFEREE YOU'VE GOT TO BE WATCHING **ALL THE TIME**.  
THE MOMENT A PLAYER SAYS "LET PLEASE", THE RALLY STOPS.  
THERE ARE OF COURSE OTHER SITUATIONS THAT NEED MORE THOUGHT BUT THIS SHOULD GET YOU GOING!  
OVERALL, TRY TO BE AS CONSISTENT AS POSSIBLE.

# VOLUNTEERS OF THE MONTH

## *The Squash WA League Competition*

*This month we sat down with long-serving legend Lyn Chandler, who has literally given decades to growing squash in Western Australia. Lyn shared with us the story of how League came about, and how it's different to Pennants.*

### **The History**

*Around 2002, Squash WA Board Member Dave Lawford was trying to find a way of stopping the plague of players leaving Day Pennants. This was caused by a lot of players who had previously been at home, having to return to the work force for various reasons. Unfortunately, when you lose one or two players from a team, other members are left with no-one to play with. We had been trying to get a new competition underway, whereby teams could be mixed and be more even. With a Board member on our side, we had a chance to prove the value of a League competition.*

*In the 1990's top juniors used to play in State Junior League, where they took the top players and formulated teams of players from various Clubs to make up an even competition. This competition was run by Raelene Gallagher, and then later on by Russell and I. This is the formula that we used. No longer did players have to stop playing because they didn't have a team. No longer did players have to play up to a stronger team and get slaughtered because they were too high. No longer did players have to play down too low. And the best part - brand new (beginner) players could come into the competition at the bottom level. They were no longer forced to play up at a high level because that was the only team that a Club had.*

*Day Pennants was on the verge of collapsing; the League concept saved it. After a few years, Monday Night Ladies Pennants became a League due to dropping numbers and viability of the competition. Men have joined the competition for the first time now in 2024. Thursday night Pennants was also on the brink of collapse with only two Clubs playing in the competition. That too was changed to League which has allowed other Clubs to join in, with players who are keen to join. This is the ideal way for any players who cannot fit into a team to play at competition level. They still represent their Club but are guaranteed of playing against a player of equal ranking. Also a way for those on the improve to move up through the system, without being stuck in a team that does not suit their ability.*

***There is a need for both pennants and league in our association. The more people we get playing squash, no matter what competition it is, the better!***

# VOLUNTEERS OF THE MONTH

P 30

*The League Committee is made up of players who have committed their time to ensuring that all players get a good game of squash. They grade the teams, enter them onto the software platform, and are available for any help or queries needed. They also organise the finals functions for all League seasons.*

## **How is League Different to Pennants?**

*A Committee creates teams consisting of players who have nominated through their Club's revo platform. Players must be registered through Squash WA and their own home Club. These teams are made up in such a way to ensure that, as much as possible, all teams are of equal strength.*

*There are usually three-person teams, or four-person teams depending on numbers. All teams play at the same venue each week, which changes week to week and is determined by the number of players nominated from each Club.*

*All teams and fixtures are emailed directly to the players prior to the start of the season. There is still a home and away team, and the home team (the team mentioned first on the fixtures) are expected to supply lunch/supper for the away team.*

*After each season's grand final, trophies are presented and all players are invited to attend a catered lunch and drinks for Day League players (subsidized by weekly raffles), or for Monday and Thursday Night League players, supper is provided (covered by player contributions). There is an overall Champion Club announced at the conclusion of each season which is determined by the results of players from each Club.*

*A list of reserves is kept for players who are unable to commit full time but would like to fill in here and there.*

**League is an ideal way for Clubs to retain their members, when they do not fit into an existing team, or may have lost long term team members and are left without a spot to play competition.**

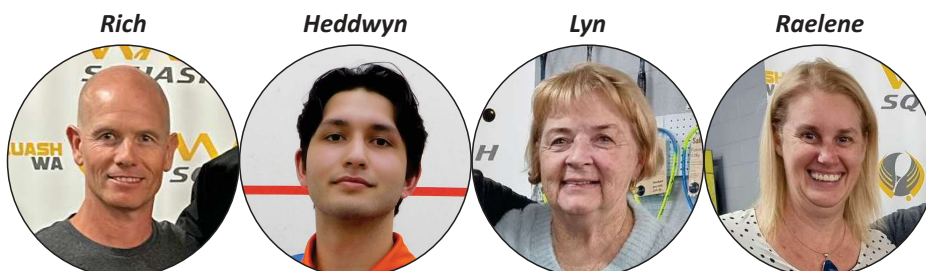

## **Current League Competitions (all mixed):**

- Day League – Wednesday Mornings from 9.30am
- Night League - Mondays and Thursdays from 7.00pm
